Project Scope Template

What is Project Scope Template?

A Project Scope Template (PST) is a standardized document that outlines the scope of a project, including its objectives, deliverables, timelines, and constraints. It serves as a foundational framework for project planning and provides a clear understanding of what needs to be accomplished during the project lifecycle.

A typical PST includes the following elements:

- 1. **Project Overview**: A brief introduction to the project, including its purpose, goals, and stakeholders.
- 2. **Scope Statement**: A concise statement that defines the project's scope, including what is included (in-scope) and excluded (out-of-scope).
- 3. **Deliverables**: A list of specific products, services, or results that the project aims to produce.
- 4. **Objectives**: Clear statements of what the project needs to achieve, often in terms of measurable outcomes.
- 5. **Key Performance Indicators (KPIs)**: Metrics used to measure the project's progress and success.
- 6. **Timeline**: A high-level schedule that outlines key milestones, deadlines, and timelines.
- 7. **Assumptions and Dependencies**: Identification of factors that may impact the project's scope or timeline, including dependencies on other projects or stakeholders.
- 8. **Constraints**: Any limitations or restrictions that may affect the project's scope, such as budget, resources, or regulatory requirements.

The purpose of a PST is to:

- 1. Ensure all stakeholders have a shared understanding of the project's scope and objectives.
- 2. Provide a foundation for project planning, including setting goals, timelines, and budgets.
- 3. Facilitate communication among team members, stakeholders, and sponsors.
- 4. Identify potential risks or issues early in the project lifecycle.
- 5. Serve as a reference point throughout the project, ensuring that all activities align with the defined scope.

By using a PST, project managers can create a clear and concise document that sets the stage for successful project execution and delivery.

Project Scope Template

Project Title

• Title: [Project Name]

Project Justification

• Justification: [Reason for undertaking the project]

Objectives

Objective 1: [Specific goal]Objective 2: [Specific goal]

Deliverables

- **Deliverable 1:** [Description and requirements]
- **Deliverable 2:** [Description and requirements]

Scope Description

- Inclusions: [What is included in the project]
- Exclusions: [What is explicitly excluded from the project]

Milestones

- Milestone 1: [Description and due date]
- Milestone 2: [Description and due date]

Constraints

- Constraint 1: [Description and impact]
- Constraint 2: [Description and impact]

Assumptions

- Assumption 1: [Statement and rationale]
- Assumption 2: [Statement and rationale]

Acceptance Criteria

- Criteria 1: [Standards and conditions to be met]
- Criteria 2: [Standards and conditions to be met]

Project Boundaries

Boundaries: [Define the limits of the project]
